OFFICIAL NEWSLETTER OF THE MINIWANCA YOUNGER BOYS AND PRE-SENIOR CAMPS
American Youth Foundation, 3930 Lindell Boulevard, St. Louis 8, Mo.

SEPTEMBER 1954

HOW! HOW! Y. B. CAMPERS Believe it or not, this copy is being written on the camp grounds at Miniwanca. We are getting the jump on things this year. Knowing how eager you all are to get your hands on the camp Roster, we are shoving other things aside, in a very busy schedule, in order to get the Fall copy of the Trail and Roster to you a bit earlier than usual. So here we are.

IT IS A BEAUTIFUL DAY AT MINIWANCA Wish you could be here. The sun is shining; the air is warm, swimming in Stony Lake is tops and Lake Michigan, though a bit cool, is not actually cold. If this keeps up, we'll have to consider having a YB Camp session in September. Who wants to register? School? Sure, we'd have classes and all of that, but boy wouldn't it be fun?

WELL, Y. B. THIS PAST SUMMER was tops in my estimation. And I know that holds also for just about every camper and leader. Already, many of you have written to tell how much YB meant to you this summer, and many also have signed up for 1955, so they will be sure of a place. And there are more than the usual number of inquiries from new families regarding 1955 YB. Looks as though the camp will be "full-up" at a much earlier date than ever before.

YOU WILL BE GETTING A NOTICE sometime soon regarding next summer's registration. If you are getting a bit anxious about signing up, just drop us a note, and we will send you a card pronto.

WORK IS ALREADY UNDER WAY in YB to change over all of the DARER UNIT into tent-houses and to finish up the remainder of the DOER UNIT. Also, the tent-houses in DOER that are out of line will be re-located, so that all living quarters will be in the Tribal Village circle. That means that everyone will be snug and tight, come rain or wind or sunshine. And there will be more room for everyone, too - the tent-houses are 16 X 18 in size, whereas the tents were 14 X 16. It's rather a good feeling to know that driving rains will not let the water seep in and run across the tent platform. We'll be all set for you next summer when you return for another great adventure in YB.

IT IS INTERESTING TO NOTE that, except for the DARER UNIT, there were more old campers enrolled in YB than new. That is very interesting and it speaks well for the sustained interest in YB on the part of old campers. In this connection, it should be remembered that old campers have a priority on registration until the 15th of November. In other words, your place is absolutely reserved for you until that date. After that, new campers are accepted as the applications are received, until the camp is full and the registration limit has been reached. This does not mean that some new campers will not be accepted before the 15th of November. It does mean, however, that YOUR PLACE WILL BE GUARANTEED UNTIL THAT DATE.

WELL, THE NEW PLAN OF NOT HAVING A MORNING DIP seemed to work out very well, and it had the unanimous approval of campers and leaders. It saved us an extra trip down to the waterfront and back again, and that extra time was well used in working out the schedule for the day. As they say "Live and learn". We will probably follow through on this same schedule next year. Those who crave a morning dip do not have to wait so very long, with the morning instructional swim starting around 8:45.

DID YOU EVER SEE a hotter race for the Tribal and Nation plaques than we had this year? May be, in the hurry and excitement of the closing session, that some of you did not click on just how tight the race was. Take for example the Creeks, Breakers and Sands in the DARER UNIT, just five points between second, third and last place, and at that, the Beaches won by just 30 points. And again in the DOER UNIT, just 65 points between first and last place; in PRE-SENIOR, 15 points between first and second and only 110 points between first and last places. And it was just as close in the NATION contest; think of contesting for five stout weeks and winding up with just 15 points difference between first and second places. Well, who's going to win that shield in 1955? Good going to you Beaches, Breakers, Creeks, Sands. May the best tribe win.

THAT SWIMMING INSTRUCTION RECORD last summer was certainly something. In a camp of 184 boys, to come through the five weeks with every boy in camp a swimmer, believe me, that is hitting the bulls eye, and how! And there were some top flight swimmers in YB. Some of you boys will be swimming for your college teams before so very long. Keep plugging away at the sound fundamentals taught you in your instructional classes. Practice makes perfect.

THE MINIWANCA PLAYERS did themselves proud with their several productions, all of which were superbly done. Congratulations to all of you who participated, and congratulations also to the campers who were very attentive and orderly when the Players were performing - a fine mark of respect on the part of the audience for those who had worked and practiced faithfully, in order to provide some good entertainment for the camp.

FOURTH OF JULY WAS A WHIZ OF A DAY In contrast to the weather of certain other years on the 4th, this year the weather-man really came through and "did himself proud". Everything worked out with fine precision, so that the schedule as planned was maintained throughout the day. The fireworks display on Stony Lake was really something. The Community Fireworks which were shot off near the bridge at the little sand beach were high grade pieces. Director Joe was as busy as a one armed paper-hanger providing some local color from the camp docks, as well as plenty of noise to supplement the display of aerial wonders. It was a good and busy day and when Lights Out bell rang, everybody was good and ready to hit the hay.

THE WONDERFUL NEW BLAZER LODGE was a great source of pleasure and satisfaction to all campers and leaders throughout the five weeks of YB. We were happy to have Stuart Blazer's lovely mother and his brother and his wife with us for the Dedication of the Lodge. The emphasis in the program was on "appreciation" - appreciation of

the splendid life of our fellow-YB camper, and of Stuart Blazer's thoughtfulness and remembrance in including Camp Miniwanca in his will, so that we in turn might erect this beautiful and useful building in his memory. The Dedication Service was a high point in our 1954 Camp Program. The large number of campers and leaders who took part in the service all acquitted themselves magnificently as they spoke of the many uses to which the building was already being dedicated. The culmination of this part of the program was the presentation of a handsome leather bound album, telling the pictorial story of the many activities centering in the Blazer Lodge. The Blazer Lodge will be a constant challenge through the years to all boys and leaders whose privilege it is to share in the fun and good times, and the training for living which all Founder fellows experience at Camp Miniwanca.

STUART'S MOTHER, IN LOOKING OVER OUR SMALL LIBRARY said, "Oh, this gives me an idea for making use of some of Stuart's books. When I get home, I will go over his library and pick out the books that I think will be suitable for the YB Camp library, and I will see that they are forwarded to you before next year's camp begins." Isn't it wonderful to have such good friends? Many of you boys will enjoy some good reading next summer because of Mrs. Blazer's thoughtfulness. I know you will all want to say a big "thank you" right now.

AND YOU KNOW, THAT GIVES ME A BIG IDEA. Undoubtedly in your own homes there are a lot of books standing idle on the shelves which your mothers would be glad to get rid of, to make room for more current needs. Well, why not talk this over with your folks and see if you would like to present some of your old books to the YB library. I know it would give you all a great deal of satisfaction to know that such a gift would bring reading pleasure to hundreds and perhaps thousands of Miniwanca boys on through the years.

IF THIS SUGGESTION HAS YOUR APPROVAL, just have the books bundled up and shipped express or parcel post to Camp Miniwanca, Shelby, Michigan. If you will mark your bundle carefully, we will see that the name of the donor is listed on the inside of the front cover. How's your memory? Will you forget this suggestion, or will you remember to take it up with your folks real soon. It would be nice if some of these packages of books could be received this Fall, so that they could be brought out to camp before the wintry weather may make it difficult to drive into the camp. Thanks for whatever you may do. I feel that we should thank Mrs. Blazer for sparking this idea.

YOUR PERSONAL INTERVIEW AND YOUR SUGGESTIONS FOR GROWING FOUR-FOLDLY during the year is very important to you. As we have so often said, "Miniwanca is not just another camp" - Miniwanca is a way of life. If you are to get the greatest good from your camping experience, you will want to make a real try at living the Miniwanca Way throughout the whole year. So, keep in mind the good talk you had with your interviewer, and the suggestions made for your own personal improvement. Let us know if we can be of help to you at any time throughout the year. We want you to know that we are here to help and serve you all through the year, and not just for the five weeks you are in camp.

AND RIGHT ALONG THIS LINE WE WILL WANT TO RECALL the very fine suggestions made by Duke Castle as to what the Four-fold emblem of the camp means to him. Here they are. Read them carefully and use them constantly in all your activities during the days and months that lie ahead, before you return to Miniwanca for more inspiration and training and genuine good wholesome fun. Duke says, "The Camp seal means to me what I should try to accomplish in the five weeks I will be here. I will try to be a Christian boy while I am in camp.

RELIGION

I believe in God and in His way of life. I will try to be good, generous, friendly

and be a good sportsman.

SOCIAL

I will try to make friends with other boys and try to keep the old friends I have.

PHYSICAL

I believe I ought to keep clean, healthy and strong. Not to smoke or drink.

MENTAL

To think clearly and to use my knowledge only for good purposes. I believe if I do these things I will be a Christian boy.

Why not try to write your own idea of what it means to be four-fold, now that you have had five weeks of Miniwanca camping, and have had all the rich experiences of the Vesper Hour, the wonderful services on Chapel Dune, the Christian Ideals discussions, the morning thought period at breakfast, and the many other helpful adventures of camp? We are proud of our Miniwanca boys. We believe every last one of you will be better and finer because of the days spent together this past summer. Let's not let ourselves or each other down. Living the four-fold way is a good way to live.

NEXT WEEK WE WILL BE STOWING THE CAMP AWAY FOR THE WINTER. This year the sailboats will all be brought in to the main camp, instead of being stored in the Boat House. The reason: well, we are going to take the boat apart, tear off all the top decking, examine every hull carefully! The hulls that are still good will be repaired and strong braces of oak will be built in, especially under the front deck. If a hull is past repairing, it will be discarded and a new boat built to replace the old one. We want to come into the 1955 season with a fleet of good stout boats. The boats were not in such bad shape to start the season, but the constant use they receive all summer long by YB, YG and Workstaff, sure gives the boats a big work-out. In the course of the summer, they are given rough treatment. In due time, they are bound to be the worse for wear. We'll have a good fleet ready for you next summer.

CANOES TOO - YOWSAH. Next summer we will have some new canoes to add to the fleet. And we hope we will be able to obtain some new canvass to cover the remainder of the boat dock. That new dock sure was a honey, wasn't it? To have the north and south docks joined together so that we had a continuous decking all around the "Pool" made for efficiency in all of our aquatic activities this past summer. It was good to be able to put the whole camp on the shore dock during the swimming meets. And during instructional swim periods, that 100 foot long deck on the outside of our enclosed swimming area was terrific to say the least. There are more than 200 steel drums in the big dock, and it was amazing how many fellows we could have on the docks without in the least depressing the platform. Hooray for the bigger and better docks.

VESPERS THIS YEAR WERE BETTER THAN EVER. I noted a better attitude on the part of the boys - a fine attentive interest - very little rustling around; cooperation on the part of everyone. The talks were good and the fellows will long remember some of the messages given by the leaders. It is good at the close of the day to go up to the heights, where we can sit and see the sunset and sing our hymns, hear the reading from the Book, pray and be in good fellowship with each other and with God. Yes, Vespers is a high point in our day at Miniwanca. May the impressions of the Vesper Hour never leave you.

WE HAD A GREAT BUNCH OF LEADERS LAST SUMMER. And they were a talented and devoted group of men. Many of the leaders worked long and hard, day after day, to make YB Camp the success it was. And leading the pack, as it were, was none other than JOE always on the ball, with everything well planned and thoroughly organized. Along with the many values that come to each camper from the program is the very fine demonstration of good leadership which we have from day to day. In the years ahead,

you will all look back to those happy camp days, and recall the effectiveness of the camp program and the example of good direction and leadership. Our hats are off to our 1954 YB Leaders. It is hoped that we will have a large number of the old leaders back next summer.

WELL, IT'S TIME TO LET OUR GIRLS GET GOING ON THE ROSTER - So, we'll say so long for now. You'll be hearing from us this fall with reference to next summer. Get back by all means. Camp gets better with each passing year. Many of you boys are good enough to be YB leaders just as soon as you get to college. Why not make this one of your goals. It is marvelous training, and it gives you a chance to render outstanding service to the boys of the camp. And who would say that the leaders do not have a whale of a good time. When you get your Roster, you can begin to write to some of the many friends you made at camp. Christmas cards will be on their way from most of you to camp buddies and friends. It is good to maintain contact with your YB pals, so, use your Roster a lot. And if you should change your address, be sure to write us at the office in St. Louis, so we will be sure to keep contact with you.

SO-LONG YB'ERS We'll be seein' you, and don't forget to hold high the Founder torch.

Founderly and Miniwancally yours,

Wadjepi

P. G. Orwig, Director
The American Youth Foundation

YOUNGER BOYS CAMP ROSTER 1954
